SOMERVILLE, TENNESSEE, FRIDAY, JUNE 4, 1920.

NEW SERIES: VOL. XIII.—NO. 49

High School Ends Year

The final exercises of the Fayette County High School for the 1919-1920 session were held last Friday night at the school auditorium when the graduating class received their diplomas of graduation. Thruout the week the closing exercises were in progress, beginning with the commencement sermon on the fourth Sunday in May, with the declamation contest between the Wilson and the Pershing societies on Wednesday evening, and the graduating exercise Friday evening.

The declamation contest was one of the most interesting features of the week. Wyatt Wilkinson, Jr., Mamie Wilkinson and Carroll Mount represented the Wilson society and William Durbin, Sam Shaw and Katherine Murrell represented the Pershing society. C. W. Crawford, E. A. Tucker and J. D. Rhea acted as judges. The medal offered by the Parent-Teacher Association was awarded to William Durbin, it being the opinion of the visitors present that the declamations were among the best of the school's whole history.

Hon. Allen Frewitt, of Bolivar, delivered the annual address to the graduating class on Friday night and the medals offered by the community and its business organizations were presented to the winners by Capt. H. C. Moorman, President of the Parent-Teacher Association.

Following completed the four-year high school course and were awarded diplomas: Elizabeth Winfrey, fourth district, Willie Lou Jordan, first district, Lucy Lightfoot, first district, Lois Reeves, eighth district, Charles Sanders, fourth district, William Durbin, second district.

The following medals were awarded and the grades announced:

Miss Farris, Teacher First and Second Grades—Mary Bell Leach, first grade, 96, Frances Lee Wolfe, second grade 96. Medal awarded Mary Bell Leach by business men. Miss Farris a medal to Frances Lee Wolfe.

Miss Lury Wetzel, Teacher Third and Fourth Grades—William Burton, third grade, 96.9-10. Medal awarded by Board of Mayor and Aldermen.

Mrs. William Rhee, Teacher Fifth and Sixth Grades—Onetta Montgomery, fifth grade, 96. Medal awarded by Somerville Bank & Trust Company.

Miss Fannie Joe Latta, Teacher Seventh and Eighth Grades—Marion Wetzel, 95.66. Medal awarded by Fayette County Bank.

High School Medal—William Durbin, fourth year High School. Medal awarded by Parent-Teacher Association.

\$2.00 cash prize awarded by Prof. Matthews for best drawing book to Julia Brvant.

Prof. Matthews announced, too, that Helen Hobson, youngest daughter of Mr. and Mrs. H. P. Hobson, received a grade of 100 on the subject matter of every one of her final examinations, her's being one of a very few of such records ever made here.

About 400 volumes have been added to the school library during the school year, and arrangements have been made for keeping the library open each Tuesday for the exchange of books.

FEMALE HELP WANTED—White woman, middle aged, Our part, good home and good wages. T. E. Redwine, agent at Williston, Tenn.

Creamery Discussed Again

About thirty citizens of the county assembled in the Chancery Court room last Saturday, and discussed further the matter of establishing a co-operative creamery here. Mr. Senter of the N. C. & St. L. Ry. was present and again explained to those present the plan of establishing and operating such a creamery and discussions were entered into by a number of citizens. A large majority of those present, including County Agent Pryor who was elected chairman of the meeting, favored the establishment of the plant, but a few were not in favor of it, inclining to establishment of shipping stations for shipment of cream to Jackson and Memphis.

The latter idea, when expressed by a half dozen citizens and farmers and Miss Brasfield, stopped further discussion and those present began to leave the room, so that before any action was taken there were less than ten left in the meeting and the sum total of action taken by the meeting was to authorize the chairman to appoint a committee to make a census of the cows that could be used for furnishing cream, the this committee has not been named.

Booze is Not a Good Cure

FROM THE AMES IOWA INTELLIGENCER

When a man comes to you all doubled up with pain and declares he will die in your presence unless you procure him a drink of whiskey, send him to a doctor or give him a dose of Chamberlain's Colic and Diarrhoea Remedy. There is a mistaken idea among a whole lot of people that booze is the best remedy for colic and stomach ache.

County Fair Meeting Called

In view of the fact that the Fayette County Fair has done much good in the past in promoting better things for the county and in bringing together the people of the county in friendly competition, and realizing that it is time to get busy about the work if we are to have a successful fair this fall, I hereby call a meeting of those citizens interested in holding a County Fair, said meeting to be held at the court house on next Tuesday afternoon at 3 o'clock. Everybody in the county is invited to be present at this meeting and lend their support in the organization for the coming Fair. Tuesday afternoon, June 8.

J. P. MATTHEWS, President.
W. T. LOGGINS, Secretary.

State of Ohio, City of Toledo, Lucas County, ss.
Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH MEDICINE. FRANK J. CHENEY.
Sworn to before me and subscribed in my presence, this 5th day of December, A. D. 1919. A. W. GLEASON, Notary Public.
Hall's Catarrh Medicine is taken internally and acts through the Blood on the Mucous Surfaces of the System. Send for testimonials, free.
F. J. CHENEY & CO., Toledo, O.
Sold by all druggists, etc.
Hall's Family Pills for constipation.

PALMER FOR PRESIDENT

What Mitchell Palmer Does with Profiteers and Hoarders

"If I have my way about it, we shall start on the road to the penitentiary every man in every community throughout the country who is taking advantage of our distress as a nation to gouge our people out of unreasonable profits on the necessities of life."

HERE is how Mitchell Palmer, as Attorney General, tackles the food problem. Here is what he has done and is doing to keep food profiteers, hoarders and speculators from "gouging the people out of unreasonable profits on the necessities of life":

Profiteers:

He arrests, prosecutes and sends them to jail.

Hoarders:

He seizes and forces on the market at reasonable prices food stocks held by speculators.

Fair Prices:

He promotes the formation of Fair Prices Commissions in all States.

Packers:

He prosecutes the Beef Trust, making it get out of the retail meat business and the wholesale and retail grocery business, breaking its rapidly growing monopoly on food products, and at the same time cutting its cinch on buying prices for cattle and selling prices for meat.

The Department of Justice, of which Palmer, as Attorney General, is chief, has made 1,299 arrests on profiteering charges, and is still making them. There have been 350 indictments already. Eighty-five profiteers have been convicted, 30 going to jail and the rest paying fines that discourage further price-gouging.

Under the Lever Food Control act, the following hoarded food stuffs were placed on the market at decent prices:

Eggs, 6,342,425 dozen; sugar, 5,516,825 pounds; butter, 841,583 pounds; cheese, 99,067 pounds; poultry, 263,013 pounds; fish, 203,786 pounds; canned goods, 26,066 cases.

Sugar prosecutions under the Lever act total 236, all but 10 under the profiteering section. Clothing cases number 25; fuel, 20; meat, 27; flour, 3.

HERE is what Mitchell Palmer did in handling other problems which have come before his Department:

Coal Strike:

He ended the coal strike in behalf of the public. The coal strike would have starved and frozen the people by a tie-up of fuel and transportation.

Red Movement:

He deported Red anarchist agitators, whose purpose is to cause a general revolution and starve the country into submission to a soviet government modeled after the Lenin-Trotsky tyranny in Russia.

HERE is what Mitchell Palmer did as Alien Property Custodian:

He took over more than \$800,000,000 worth of ENEMY PROPERTY and used it to HELP AMERICA WIN THE WAR. He became the largest trust officer in the world and administered his trust at a cost of less than one-seventh of one per cent to the Government. As a business executive his record is without a parallel.

All Pro-Germans are AGAINST him

All Tennessee Democrats should be FOR him

SEE THAT TENNESSEE STANDS FOR PALMER

THE BEST TEST

Is the Test of Time

J. G. Knox, manager of gin mill of State St., Somerville told of good results from using Doan's Kidney Pills. Now Mr. Knox confirms the former statement—says there has been no return of the trouble. Can Somerville people ask for more convincing testimony?

Mr. Knox, gave the following statement November 16, 1914:

"I had been suffering from pain, and lameness across my back and it got so bad, I couldn't stoop to put on my shoes. My kidneys acted too freely and I was obliged to get up at night to pass the secretions. Flashes of light appeared before my eyes and I was often dizzy. I used Doan's Kidney Pills and it wasn't long before these troubles disappeared. I highly recommend Doan's to other kidney sufferers."

On May 2, 1918 Mr. Knox said: "I can speak just as highly of Doan's Kidney Pills today, as I did in 1914 when I testified to their merits. The cure they made for me at that time has remained permanent and I know Doan's Kidney Pills can be depended upon for kidney ailments. I gladly endorse them again."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Knox had. Foster Milburn Co., Mfrs., Buffalo, N. Y.

Moscow

Greeted by a full house the play "Mother Goose and Company" given by Mrs. M. B. Feemster in Chambers Hall Friday night proved one of the prettiest and most interesting affairs of the season and netted the local Parent-Teachers Association, for whose benefit it was gotten up, a neat sum. The characters in the play were represented by Corinne Cowart, Loulee Malone, Nellie Sisco, Gordon Crossett, Irvin Crossett, Norman Taylor, Bailey Preuitt, Newby Crook, Margarette Hester, Mai Henri Phillips, Renfro Pruitt, Elizabeth Rook, Shack Franklin, Mary Dean Harrison, Chester Boswell, Dorothy Rich, Lela Thomas, Ruby Pruitt, Silva Jewell, Kathleen Ashford, Bernice Gwyn, Shirley Stevenson, Gladys Burnett and Maureen Morton. Many of these taking part in the play were very young yet all acted their parts well. Neat programs were provided the audience and added to the completeness of the occasion. Mrs. Feemster is deserving of much credit for the able and thorough manner in which she trained these little cots and the preparation of the pretty costumes in which they appeared.

Recent visitors in town were Mrs. Scales and daughter of Abingdon, Virginia Mrs. L. L. Smith of Memphis, Mr. Edgar Crossett of Jacksonville, Florida, and J. J. Pugh of Deason, Mississippi.

A number of out of town people at-

tended the Mother Goose play here Friday night.

Miss Inez Rich is home from school duties at Holly Springs.

Raymond Roach who recently graduated with honors from the college at Fullahoma arrived home the past week.

Charles C. Castell who has been at the head of a school in Arkansas is visiting friends in town this week.

R. H. Bryant has acquired the interest of Kirk Owen in the merchandise business of Bryant & Owen and will continue the business at the same stand. M. L. Rook has accepted a place as clerk in this store.

Newby Crook, the eleven year old son of Dr. and Mrs. C. N. Crook, who is an eighth grade pupil in the local school made the highest grade in the term just closed thereby winning the \$5.00 prize. This is indeed creditable for this young lad and the fact reflects most favorably on the parents.

Mr. and Mrs. John A. Pearce have returned from a pleasant visit of several days with their daughter, Mrs. Cain at Bradford.

Members of the local Chamber of Commerce might add to their usefulness to this community by insisting upon good sanitary conditions about the business section of the town. There are now some very undesirable spots of sickness breeders right in the heart of town which should have the attention it merits ere unfavorable results come from same.

Fire of unknown origin Friday night destroyed the storehouse and stock of goods owned by H. L. Moss just east of Moscow. Partly insured.

Several Moscow homes now have their own electric light and water plants. And we might mention that we have a number of citizens who take a pride in the appearance of their premises which are always noticed to be neatly kept.

Miss Alice Ethel Hood has returned to her home in Clarksale.

The local ball club beat Grand Junction in a game of ball here the week gone.

Miss Lucille Pippin, of Leland, Mississippi, is the guest this week of Miss Mildred Roach.

H. J. Hazlewood, W. L. Jewell, H. E. Sadler and W. H. Pearce were among the local people spending Monday in Memphis.

A ball game of much interest was played on the local grounds here Sunday between the Varsity team and the Scrubs, the latter victorious by a score of 8 to 7. The winning of the game was due to a home run in the last inning, when the score was 7 to 7, by Burk Owen. Batteries: For the Varsity team, Owen and Bobbitt; Scrubs, Boals and A. Ware. The game was very much enjoyed and nicely conducted. The losing team will play a game with Vido Friday next at Vido. A possible game with the Polarines of Memphis will be played Sunday week. Come out and see a classy and fast game.

The grammar school graduates of the local public school were Newby Crook, Margaret Hester, Carlton Bardison, Dorothy Taylor and Lela Thomas. Those who finished the High School department were Ernestine Ware, Louise Bryant, Vivian Lewis, Linnie May Johnson and Muriel Johnson.

Instructions for Making Light Bread

1 cup scalded milk, 1 cup hot water, 2 tablespoons shortening, 2 tablespoons sugar, 1 teaspoon salt, 1 cake compressed yeast, 1-4 cup lukewarm water, 6 or more cups bread flour.

METHOD OF MIXING

Put the salt, sugar and shortening into the mixing bowl; pour on the scalded milk and hot water. When the mixture is lukewarm add the softened yeast. Stir in enough of the flour to make a batter; beat well, then add enough flour to make a soft dough. Turn out on a floured bread board and knead 15 minutes.

Put the dough back into a greased bowl, cover closely with a clean towel and let stand in a warm place, about 80 degrees Fahrenheit until doubled in bulk.

KNEADING

When the dough has doubled in bulk, which will require from two to three hours, it is ready for the second kneading. Use no flour on the kneading board and knead not longer than five minutes, just enough to give the mass a fine even texture. Divide the dough into the required number of pieces to suit your pans. Shape the loaf by folding under and patting until no wrinkles can be seen. A pan of good size to use is one about 8 inches long, 4 inches wide, and 3 inches deep. If two loaves are to be baked in a larger pan, grease the loaves where they touch so that they can easily be broken apart when baked.

Over fifty years ago a young physician practiced widely in a rural district and became famous for his uniform success in the curing of disease. This was Dr. Pierce, who afterwards established himself in Buffalo, N. Y., and placed one of his prescriptions, which he called "Golden Medical Discovery," in the drug stores of the United States so that the public could easily obtain this very remarkable tonic, corrective and blood-maker. Dr. Pierce manufactured this "Discovery" from roots and barks—a corrective remedy, the ingredients of which nature had put in the fields and forests, for keeping us healthy. Few folks or families now living have not at sometime or other used this "Golden Medical Discovery" for the stomach, liver and heart. Over twenty-four million bottles of this tonic and blood remedy have been sold in this country.

Falcon Ads Bring Results.

ANNOUNCEMENT

On account of the present high prices and money situation and in order to give our customers the maximum service and right prices we have discontinued credit business.

Overland Somerville Company

ATTENTION!

On and after June 1 we will discontinue credit business in all lines of our business.

This step is made necessary by the increasing costs of merchandise and the tightening of the money market.

C. A. Oliver & Co.
